The TECL Commitment

Tailored Solutions

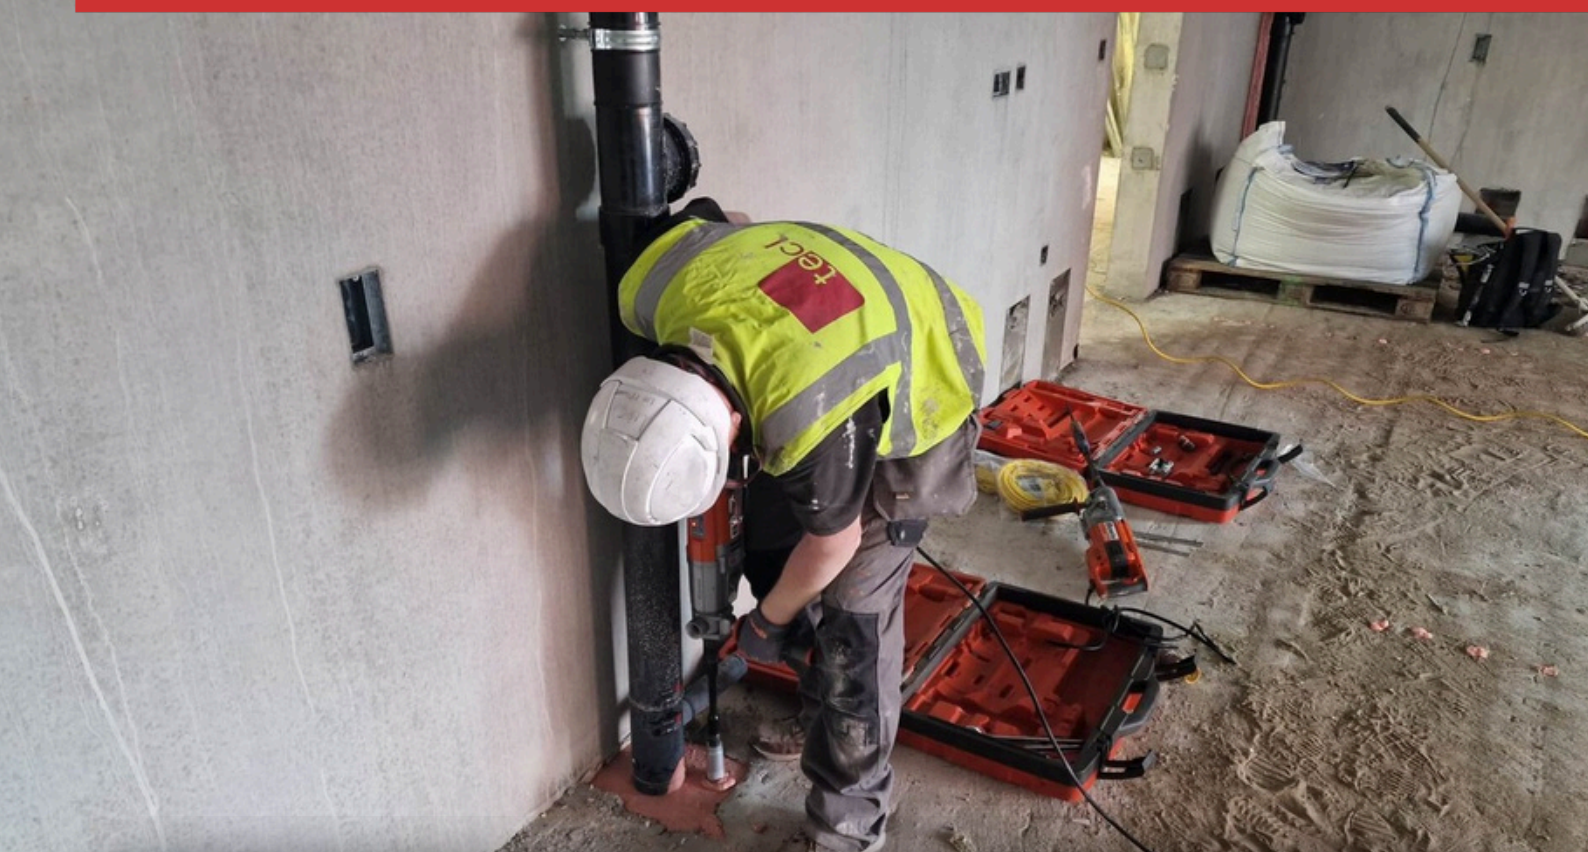

We'll visit your site, assess the fire-stopping requirements, and work out the specific needs of each job. In turn, we can work out the best payment method for your project.

Cost-Saving Expertise

Engage us early to design out unnecessary costs using innovative passive fire protection techniques.

Real-Time Comms

Our use of Boris Software keeps you informed at every step, from planning to completion. Giving you piece of mind from project start to completion.
